LOCAL AND PERSONAL

METHODIST CHURCH.
Shan M. Hull, Pastor.

Our revival meeting will come to a close this coming Sunday evening. There will be services Friday evening, Sunday morning and Sunday evening. There will be no service Saturday morning, nor Saturday evening. Plans are being made to have an old "Methodist Love Feast" Sunday morning, at half past ten o'clock. This will be a service that many of our people are not familiar with, and most especially our Young People. Everybody will be welcome to be present for the special service, but be sure and be on hand at 10:30.

The pastor will preach a sermon Sunday morning that he is very anxious for the parents of Hondo and vicinity to hear; the text will be, "Set thy house in order, for thou shalt die and not live." Everybody in general is urged to be present for this special service. In the evening, which will be the closing service of the meeting, the pastor will preach a sermon from the text, "He that being often reproved and hardened his neck shall suddenly be destroyed and that without remedy." This is one of the pastor's most favorite messages. The Sunday morning services will be at the church, while the evening services will be at the Park.

The Young Adult Division of the Church is going to have a Silver Tea at the home of Mr. and Mrs. D. H. Fly, on Friday afternoon, September 6th, from 4 to 7 P. M. The hour between six and seven has been designated as the hour for men to attend the tea, however, they are invited to attend any hour during the occasion. There will be a program of special entertainment during the tea; then too, a special feature of the afternoon will be the display of needle work. Any one having any needle work, or machine work that they would be willing to put on display for the tea, will please get in touch with Mrs. Margaret Murrell or Miss Lucille Newton. Your most hearty cooperation will be most highly appreciated by the two Sunday School Classes that are sponsors of the tea.

The women of the church will give their annual dinner some time during the first week of October. More definite announcements will be made later.

FORMER HONDO FACULTY MEMBERS WED.

A wedding of much interest was solemnized at the Baptist Church when Miss Ellen Tweedy of Valley Mills, Texas, became the bride of Mr. Glen E. Fluker of Roan, Texas. Rev. Merrill officiated.

Under the direction of Mrs. Nuel Woolls and Mrs. Marvin Beal the church was beautifully decorated with floor baskets of queen's crown and ferns.

As the bride and groom entered together, the Baptist Orchestra played Lohengrin's Wedding March. During the ceremony soft music was played by Miss Margaret Ann Knopp, violinist, accompanied on the piano by Miss Ivy Jean McCall.

The bride wore a pink boucle suit with pink and white accessories. She wore a matching shoulder corsage. The groom wore a white linen suit.

After the ceremony a reception for the couple was held at the home of Rev. and Mrs. R. W. Merrill. The home was decorated with pink queen's crown and ferns.

The receiving line included Mrs. Merrill, Mr. and Mrs. Glenn E. Fluker, Mrs. Ben Bradley and Mrs. Jack Fusselman, Jr.

Refreshments consisting of punch and angel food cake were served. Mrs. Ben Bradley, assisted by members of Mrs. Fluker's former Sunday school class, presided over the punch bowl.

The bride and groom were the recipients of many beautiful gifts. After a short wedding trip the young couple will be at home at Overton, Texas, where Mr. Fluker is Principal of the Overton High School.

This paper joins their friends in wishing them a long and happy life together.

DARING FILM STARS LANDI IN BEST ROLE.

Never has Elissa Landi, Paramount actress, been assigned a role as demanding of her acknowledged versatile capabilities as in "Without Regret". Paramount's sophisticated romance, featuring also Paul Cavanagh, Frances Drake and Kent Taylor, showing at the Colonial Theatre, Monday and Tuesday, Sept 2 and 3.

In "Without Regret", Miss Landi gives a performance that justifies the varied talents of which she is capable. As an attractive young woman traveling in China, she is swept off her feet by the ardent attentions of Kent Taylor, handsome, ne'er-do-well aviator. She lives to regret her marriage to him. Being officially informed of his death, she marries again, this time a man worthy of her, love Paul Cavanagh, wealthy, famous titled London physician; later to find her first husband is alive.

Many dramatic, thrilling situations follow.

DID YOU EVER STOP TO THINK

By Edson R. Waite,
Shawnee, Oklahoma.COL. ALBANUS PHILLIPS, PRESIDENT OF THE PHILLIPS
PACKING COMPANY, SAYS:

"Newspaper advertising performs at least one definite, vital function which newspaperer themselves fail to emphasize and which, unfortunately, too few consumers probably realize.

"The popular conception of newspaper advertising doubtless is that it represents a highly effective method of creating consumer interest; is a reasonably economic means of developing distribution and that, because of resultant volume increases, unit costs of any given commodity are proportionately reduced—to both the manufacturer and the consumer.

"But of far greater importance is the influence which newspaper advertising wields in setting up standards of excellence and integrity. Standards which every advertiser must recognize and observe if there is a sincere desire to remain an important factor in any particular field.

"The task of making consumers see advertising, making them read it, understand it, believe it and want it, are all primary functions of newspapers and the men and women who prepare and illustrate advertising. But the sixth point is the problem of the maker of the commodity. And the job of causing consumers to want the same product over and over again can only be accomplished by setting up standards that are consistently safeguarded.

Newspaper advertising, by the intimacy and frequency of its contact with readers and potential consumers, must necessarily play an important part in a nation's thoughts, customs and habits. Used merely as a vehicle of exploitation it has tremendous power. But when also employed to represent a standard of integrity and excellence, and when these virtues are steadfastly and zealously observed, NEWSPAPER ADVERTISING BECOMES MORE THAN A TRANSIENT MERCHANTISING METHOD AND RISES TO THE FINE HEIGHTS OF A CODE OF HONOR FOR THE ADVERTISER AND HIS PRODUCT AND A PERPETUAL SAFEGUARD FOR THE ULTIMATE CONSUMER."

WINS AN INTERESTING TRIP.

Our fellow townsman, Mr. J. G. Walters, is being congratulated on winning a free trip to the San Diego Exposition. His good fortune comes to him on account of his good salesmanship.

Beginning June 1st and terminating July 31st, the Houston Branch of the Ford Motor Company put on its Texas Long Horn Sales Contest for dealers and salesmen. The Houston territory was divided into four groups, and Hondo was placed in group No. 3. One dealer and two salesmen could win from each group. Hondo was in competition with such towns as Robstown, Mission, San Marcos, Uvalde, Kerrville, Kingsville and other towns much larger. McElroy Motor Company of Hondo lost out in dealership contest to the Robstown Motors, Inc., Robstown, but Mr. Walters won the salesman's prize along with Thomas Robertson of the Mission Motor Co. at Mission.

Mr. Walters will join the Houston party at San Antonio at 3:15 P. M., Tuesday, September 3rd, and will arrive in San Diego at 8:00 A. M. September 5th. All expenses will be paid for a six-day trip going to, remaining at and returning from the Exposition, with side trips permitted at the expense and discretion of the visitors.

This is a prize any one well might covet and the fact that Mr. Walters won it in competition with salesmen in much larger and more prosperous trade areas is a splendid tribute to his salesmanship.

Sunday was probably the hottest day of the summer, the thermometer registering 103 in the afternoon.

TWO MORE ELECTIONS SOON.

In obedience to a petition from citizens of Castroville common school district for an election to determine whether or not the District shall issue bonds in the amount of \$10,000 for school purposes, County Judge Noonan has ordered an election and set the date for holding the same on September 14th.

The district recently voted by a small majority for the issuance of bonds, but in a contest before the district court, sitting at Hondo, the court declared the election invalid.

Pursuant to a petition of Devine citizens asking for an election in Commissioners Precinct No. 4, to determine whether or not said precinct shall issue bonds in the sum of \$20,000.00 for road purposes, the Commissioners court has set the 9th day of September, at 10 o'clock A. M., for a hearing on the petition to determine whether such election shall be ordered. At such hearing any person interested may appear before the court in person or by attorney and contend for or protest the calling of such proposed election.

It is our undertaking that this bond issue is planned primarily to provide the right-of-way through Precinct 4 for State Highway 173 from Hondo to Jourdanton, via Devine.

The above tabulation shows the vote by precincts on each of the seven proposed amendments as cast at the election on August 24, 1935. While the vote is far short of the voting strength of the county, it is larger than might have been reasonably expected in view of the little interest shown previous to the voting.

The surprising feature of the election, both in the county and over the state at large is the size of the majority both for prohibition repeal and for the old age pension.

The complete vote for the state has not been tabulated and the latest figures available are as follows: Dallas, Aug. 26. (AP)—Repeal of

prohibition in Texas led by 54,577 votes in a report on Saturday's election issued at noon today by the Texas Election Bureau.

"We are going to check our figures and if the result is changed any, of course we'll report it," A. F. Henning, manager of the bureau, said. "Otherwise this is the final report."

The figures, which included reports from 240 out of the state's 253 counties, with 53 complete, were: Repeal: For, 262,185; against, 207,608.

Amendment submission: For, 187,062; against, 200,203. Suspended sentences: For, 213,290; against, 180,394. Textbooks for private schools:

For, 205,904; against, 236,755.

Figures on old age pensions, commitment of the insane and fee abolition issued earlier in the day were permitted to stand as final, Henning said, since the vote on them was so overwhelming. These earlier figures were:

Old age pensions: For, 369,858; against, 92,982. Commitment of insane: For, 255,216; against, 167,223. Fee abolition: For, 243,823; against, 155,823.

The adoption by the state of five out of the seven proposals will necessitate an early session of the legislature to pass enabling acts for putting the proposals into effect.

QUIHI NOTES.

Shall I hide from Abraham the thing which I do? Gen. 18:17.

Jehovah is about to write the last chapter of the two profligate cities of Sodom and Gomorrah. The catastrophe is impending. Should Abraham not be apprised and informed of His intentions? Is the Lord uncertain about His course? Is He in need of a consultation? Without hesitation we say, Nobody. Instinctively we grant Him absolute and independent jurisdiction and reject the very thought that His issues should depend on human proposition and interference, on human objections and possible counterplans. It would involve an infringement upon, a restriction of, His Lordship. But did not the most unapproachable despot have his magicians, (wise) fools, jesters, etc., for secret advisers as much as our chief henchman has his cabinet, brain trust, advisory boards, key men (all of the democratic garb, of course) to secure the best methods, standards, practices and competence? No, the reflective question of the Lord, above, does not spring from the same motive. What might it mean? By promise and covenant the Lord deeded that region, including the two cities, over to Abraham. He was a partner now to whatever would befall it in blessings and punishments. The Lord, of His own volition, was promise-bound, self-restricted. His absolutism was restrained by grace, and Abraham thus had a right to be heard before the funeral knell for these cities was tolled. Faith has the same privilege today. It can hold the Lord down to His promises.

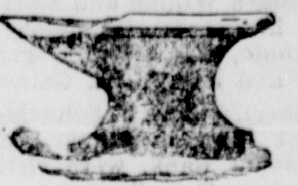

Another child was accepted into the covenant with God through baptism, the baby-daughter of Mr. and Mrs. Herman Gerdes. They had selected the names Margie Lou, and Mr. and Mrs. Alfred Saathoff and Mrs. E. O. Thomas for sponsors. May the sunshine of heavenly grace be with the child.

The former pastor of this parish, the Rev. C. P. Hasskari, suddenly bobbed up in this territory. It was a kind of whirlwind visit, short and swift, and but a few had a glimpse of him. He exhibited the same spiritfulness as of former days and enjoys the best of health. There is still a corner in his heart for the memories of this section. He left his greetings for all friends and acquaintances.

Sunday, September 8th, is our confirmation Sunday. The morning service begins at 9:30 A. M. with the examination of the catechumens. The evening service is joined with the Holy Communion. Confessional service at 7:45 P. M. Please announce your intentions. All services in the English tongue. No Sunday school or Bible classes. Think of this occasion in your prayers. "Without Me you can do nothing," says the Lord.

Announcements for Sunday, September 1st: German service at 10; Sunday school, Bible classes at 9; English evening service at 8. "Turn ye even to me with all your heart." Joel 2:12.

Mr. and Mrs. Stanton U. McGary and two little daughters, Shirley and Lucy, are here from Houston for a few days' visit. They are stopping at the Hondo Hotel.

SIXTY-FOUR OUT OF ONE HUNDRED LEFT NOTHING.

Even in normal times, 98 per cent of the American people are poor investors. A survey made of 20,000 persons, before the current depression, shows that only one out of one hundred accumulated as much as \$100,000. Only one out of eleven left an estate which, if invested at the rate of 6 per cent, would produce an income of \$50 a month or over, and nearly two-thirds of the men studied—64 out of each 100—left nothing.

This was in good times. In the words of Henry Bahner of the New England Mutual Life Insurance Company, "What a similar study would reveal today is unpleasant to contemplate."

Facts like these, which are gradually becoming known to the mass of men, are largely responsible for the changed investment attitude of wage-earners. More and more of us are starting investment programs in comparative youth, which will provide at least a competence in the future. Life insurance, trust funds and similar investment plans, which place safety first, are becoming more and more favored.—Industrial News Review.

LOCAL CHAPTER, F. F. A. WELL UNDER WAY.

The local chapter of the Future Farmers of America, under the direction of Mr. Clifford Saddler, is making remarkable progress. There are about thirty boys enrolled in the chapter, and after school starts, and all the boys who are working and out of town are in the chapter, there are expected to be about fifty members.

Most of the boys are already starting their projects in this course. The boys are going to fatten calves, swine, etc. There will be many more projects started after school starts.

An assortment of bulletins has been secured from the various experiment stations all over the United States. These bulletins are on the various phases of agriculture. They are to form the nucleus of a reference library for the use of vocational agriculture students and anyone else who wishes to use the bulletins. If any of the farmers or stockmen of Medina county desire to secure these bulletins, they may borrow them by applying to Mr. Saddler. There are bulletins on every subject from crop rotation to how to water a pig.

The next meeting of the club is on Friday, September 13, 1935. All boys, or men, who are interested in this movement are asked to attend this meeting.

The vacation period is now passing. It is hoped that very many have had sufficient surcease from exacting toil and enforced confinement; and are now ready for the more serious and essential things which count for humanity's welfare. A fine thing for every one is to refuse to repine over things which we can not help. No one can have his own way in every thing. We are a democracy, and it becomes us all to be generous to others, in all things which are fair. If we are wise we will avoid saying and doing things which may cause ill-will or regret. Our Master and Saviour was a remarkable example of the principle of "honoring all men, and loving the brotherhood".

The Pastor will have helpful message for every one who may attend our services on next Sunday morning. Our membership and all friends are urged to be present. We shall have special music. A great lesson in the Bible school. We should hold such opportunities sacred; given to us of God, as they are. We are all making our record for final review, when we appear before the judgment seat of Christ. What a great day that will be. It is to be hoped that it will also be a happy day. We have a most capable people—to do our best will make us a great people.

"Tis religion that can give sweetest pleasures while we live. 'Tis religion must supply, solid comfort when we die. After death its joy will be, lasting as eternity.

ST. PAUL'S LUTHERAN CHURCH.

A thrilled audience of 10,000 people witnessed the first performance of the gigantic pageant: "The Spirit of the Church in America", presented at Memorial Stadium, University of Texas, on Sunday night. A second performance was given on Monday night at which time Governor Allred was present. By special proclamation the Governor designated August 25, 26 and 27th as "Spirit of the Church in America" days. This presentation marked a high spot in the Convention of the International Lutheran Leagues of the American Lutheran Church, held at Austin, Texas, Aug. 23rd-28th.

San Antonio was host to the Convention delegates and visitors, who registered about 1,500 on Wednesday, and the Convention was officially closed with a Sunset Service in Brackenridge Park. A fine group of inspired and determined young people will bring the blessings of the Convention into their homes and surroundings with the Convention motto ever ringing in their hearts: "Christ Calls: Upward, Forward, Together." in keeping with the League watchword: "With Christ—For Christ."

Henry J. Poehler has been nursing a crippled foot for some time, but is now able to walk on it without serious inconvenience. The injury was sustained in a most unusual manner. He was asleep in bed at night. He remembers dreaming a dog was about to bite him and he attempted to kick the dog. The next he knew he was wide awake, holding a painfully injured foot. It was badly swollen for a while and later it was found one of the bones had been fractured. He evidently kicked the foot-board of his bedstead in his sleep.

DEVINE NEWSLETS

From The Devine News.

According to the "Korn King", M. A. Keller, seven cars of shelled corn averaging 1,500 bushels to the car went out of Devine last Thursday, for which the farmers were paid 55 cents. The market dropped to 50 cents at Devine, but neighboring markets were paying 35 to 45c, and Friday's receipts eclipsed anything ever seen in the Corn Market. 128 trucks and wagon loads were weighed at the big scales, according to Miss Spivey's books; and some of those weighed over 100 bushels to the truck. Mr. Spivey said there were more trucks than farm wagons and they would average sixty bushels to the load, he thought, or around 12,000 bushels reached the elevator Friday and Saturday. Two freight car loads were shipped in loaded south of Devine. By the time this is read in the paper around 40 cars will have been shipped in ten working days.

Some of the big trucks are coming twenty and thirty miles, weigh out over 100 bushels, and some of the largest have been sent to the Griggs big scales at the Cannery. Adams Company are having shipped in larger scales which will be installed by the week-end, capable of handling the largest trucks and trailers. The Korn King uses the wires to sell the corn, shipping to cities east and north passing up the San Antonio markets for smaller shippers who are paying less. One reason the Big Store can pay more for products is the amount of business done by farmers through their store. The good will of the farmers in getting 5 to 10 cents more for their corn make them friendly to the big store and this gives the store enormous business. They are big advertisers through the local paper, too.

The Mo. Pacific yards report handling around 50 cars broomcorn, shipped from Devine sheds; a slow down came as the Kansas and Oklahoma crop begins to come in. Prices are down to \$50 to \$80 and farmers are housing and insuring. Most of the visiting buyers have gone; around two cars the day are being loaded, but the market is dull. Only about one-half the crop here has been sold, we are informed.

A petition was circulated here Friday and Saturday asking for an election to decide whether or not we issue \$20,000 five per cent bonds, to pay for right-of-way, fencing, etc. of highways promised us. The petition has been signed by almost twice as many as are necessary to have the election ordered; and very little opposition has developed to the proposed issue. While we have too many outstanding bonds to please most of us, yet we realize that this small issue, spread out over the whole commissioners precinct, and over twenty or thirty years will not add much to our burden; and may bring us better returns than any bonds we have ever voted—perhaps half a million dollars worth of permanent improvement, paid for at a time when our people need the labor and the wages it will bring.

We notice in programs of the A & I. College Commencement set for next Friday, the names of two Devine people beside Mr. and Mrs. Gordon McCarty, mentioned in another place; Glenn Frazier in Business Administration; John Mark Dixon, E. S. The Dixons, Fraziers and Saddlers are of the Big Foot community, graduating from the Devine High school of whom are already making their names in the professional and business world.

WORKS PROGRESS PLANS.

By H. P. Drought, State Administrator Works Progress Administration.

San Antonio, Texas, August 23.—Texans today face the challenge of President Roosevelt and of 147,387 of our own destitute citizens.

"The Federal government must and will quit this business of direct relief," President Roosevelt has declared.

"We are tired of living on the dole. All that we ask is a chance to earn a livelihood." Certainly, that would be the sentiment of the vast number of Texans now being given relief allotments in lieu of work were their numbers polled today.

Works Progress Administration has been organized and has started operation in Texas for the essential purpose of giving jobs to every employable man and woman now registered on the relief rolls of the state. We have been allocated more than \$50,000,000 to expand toward wrecking the dole in every county and city in Texas.

That vital task has been placed squarely before WPA by the national administration. Our responsibility is yours in the counties and towns of Texas. We have the money to spend, you have the needed work projects and yours are the men and women who must have work.

Your task, and it is one which must be performed at once, is to decide how money may be spent to provide jobs for the largest possible number of unemployed in your district. The double incentive of providing work for the jobless and of securing needed public improvements of permanent benefit to your community is offered by WPA.

Necessity for speed in suggesting projects is justified by advice from Washington authorities that not nearly enough proposals have been presented at national headquarters. Thus admonished, every state will be striving to gain precedence for its program. Texas has presented a mere three and one half million in works proposals for federal improvements at the end of the week of August 17. We are anxious to have twenty million dollars in projects in the hands of federal examiners by the end of this month.

Our state is peculiarly adapted, due to physical advantages, to such ambitious projects as lateral farm-to-market roads. Too, elasticity of project requirements to which WPA energies may be devoted. With proper co-operation from our political subdivisions, any of which may participate in the program, this state can forge far ahead on the federal allotment schedule.

This opportunity for states and counties to get permanent, lasting improvements at a minor fraction of the cost may not arrive again. No county in Texas is so "broke" that its paper would not be accepted by practically any materials dealer in the state. Construction material cost may easily be spread over a period of years, so that the burden would not be too heavy.

WPA's expenditure in your community is limited in most instances only by the number of unemployed your project will put to work. We are restricted only by the necessity of receiving the equivalent of one year's work for one person for each \$600 spent.

Twenty district WPA offices have been set up in strategic locations over the state of Texas. Counties have been urged to set up planning boards for the study of project potentialities. It is the duty of every civic-minded person and organization in the state to present ideas to these groups. They are anxious to serve their sections, they are interested in surveying any proposals submitted, and they are dependent upon the people of their districts for help in choosing the types of projects best fitted to the needs of the locality.

In line with Federal policy, we must earnestly urge, therefore, that sponsors exercise all possible haste in submitting their projects. It cannot be emphasized too strongly that those sponsors who delay submitting proposals in the hope of getting a higher per man-year grant will be doomed to disappointment will be jeopardizing the chances of their own unemployed to get jobs.

Drastic curtailment of PERA allotments scheduled for November 1 will place the burden of caring for our own needy upon the counties and cities. Utilize the facilities of WPA and you will have jobs awaiting those persons when their relief grants are discontinued. Procrastinate and you will hazard your own chances for reaping the benefits of worthwhile public improvements and you will be ignoring the plea of your destitute neighbors who await an opportunity to remove themselves from the morale-shattering influence of the dole.

Let the Anvil Herald job printers help you design any special printed forms you need in your business. We can arrange what you need.

RICHARZ PRODUCES BUMPER FEED CROP.

Oscar E. Richarz, one of the county's successful stock-farmers from the Trio community, was in the city Tuesday. He planned to start this week on threshing the huge grain crop produced this year, and estimates that about two weeks will be required to complete the work. Richarz had approximately 400 acres planted in maize, sudan and redtop cane, and he conservatively estimates that the total yield will be close to 10,000 bushels. "At the present price of grain it won't pay a farmer to sell," he declared, and he is making preparations to store the crop until the market improves, or feed it to his livestock.—Uvalde Leader News.

CASTROVILLE, TEXAS, TUESDAY, AUGUST 27, 1935

25th OF AUGUST BIGGER AND BETTER THAN EVER.

Last Sunday, August 25th, 1935, St. Louis Day, the Patron Saint Day of this Parish, will be marked down in history as a day that will long be remembered.

At 9 o'clock A. M., the St. Louis Society lead by the school children and accompanied by the congregation marched from the St. Louis church to the Parochial residence and accompanied the Rev. Clergy to church where Solemn High Mass was celebrated by Rev. John, director of the Salesian Seminary, assisted by Rev. Metzger and Rev. J. Lenzen. The sermon was delivered by Rev. Metzger, who is director of St. John's Seminary in San Antonio. Rev. Metzger, in his masterful style delivered an able sermon which was very instructive and attentively listened to and was well received, depicting the life of St. Louis, who was king of France and yet at the same time a saint. The church choir rendered excellent singing for the occasion.

High Mass was followed by Benediction, which closed the church festivities for the day.

Immediately thereafter, all made their way to the Electric Park by foot and by automobile, where weeks of preparations had been made to receive the immense throng that had been expected, which expectation was more than fulfilled, for by 12 o'clock it was estimated that 4,000 people were on the grounds.

At 12 o'clock the dinner bell rang and the rush was made to get some of that "shore good" sausage and barbecued meat, and the trimmings, hundreds being served until late in the afternoon. At five o'clock supper was announced and the rush started anew, and kept up until everything eatable was exhausted. All the stands, such as Keno, Sodawater, the Country Store, Fishing Pond, and not least the Beer Parlor, which was located close to the Medina River, all did a land office business. A large sum of money was realized which goes into the church and special fund.

Nothing occurred at any time during the day to lessen the enthusiasm of the large crowd, the largest that was ever within our gates in one day. Mark it down in your scrap book and preserve it for future reference. August 25th, 1935.

MARRIED THURSDAY.

Last Thursday afternoon, August 22, 1935 Justice of the Peace, Anton F. Haller, united in marriage at the home of Henry Hernandez, in the western part of town, Senor Enlojio Hernandez and Senorita Gomez Hernandez, a young couple of this town. Those who witnessed the ceremony were Senor Oidiro and Senora Virginia Gomez.

Miss Mollie de Montel of San Antonio returned last Wednesday from a month's visit with friends in New York City.

Henry Frick, a former Castroville boy, but now of Eagle Pass, paid his annual 25th of August home-coming visit here.

There were so many people here Sunday for the St. Louis Celebration, that we cannot mention names with the exception of two notable who came, one from Millet and one from Dilley, Texas, these two brothers, Chas. Hare, of Millet, and Napoleon Hare of Dilley, who made this long journey to be at the celebration were born at Castroville, Chas. being 86 years old, but looks like 60 and Napoleon, who says they always called him Poleon for short is 77 years old, but still looks like a Napoleon in physical capacity, as he probably still carries about 250 pounds.

These two brothers, one born in 1855 and the other in 1858, first saw the light of day in the old Patterson place, later the old Renken place, and now owned by Mrs. Anne Bourquin on the north side of the Highway and not far from the St. Louis school. These two brothers left here when they were boys and knew all the old-timers, this being their first visit back to the place of their birth in half a century.

Their stories about early times would fill pages, and would be very interesting to the younger generations, and we invite these two brothers up here again, and will have our note book ready to record the stirring times they had to contend with when they were boys and young men. Come again, such men like you who braved the wilds and made this country a fit place to live in are always welcome. We wish them both many more years on this earth and hope they will have occasion to increase their visits to Castroville, which town is always glad to receive them.

Rev. J. Lenzen left Monday for San Antonio, and from there in company with Rev. Heckmann of Fredericksburg made a pleasure trip to Houston and other points.

In the election here Saturday on the Constitutional Amendments 254 votes were polled of which number the dyes received 14, Old Age Pension was rejected 180 to 70, while 31 voted against free text books for all the children. The other amendments all defeated, only two carrying out of the seven, the Roppel and free text books.

PAUL MUNI HAS HIS FINEST ROLE IN "BORDERTOWN."

Practically all border towns are lawless, according to the author of "Bordertown," the Warner Bros. production, which comes to the Colonial Theatre on Friday and Saturday, August 30 and 31st with Paul Muni in the stellar role. He speaks of this as "the taint which seems to

envelop all boundaries."

"Bordertown" is the story of a young man who grows up to be a power in his particular part of the underworld.

The role of Johnny Ramirez seems particularly suited to Paul Muni, suggesting a great similarity to his part in "I Am a Fugitive from a Chain Gang."

In "Bordertown", however, Muni is called upon for a greater dramatic range, since this story has greater scope. It takes him from the cantaloupe fields of Imperial Valley to the vice haunts of "Bordertown" and thence to the drawing rooms of his American society friends.

LAND A BIG ONE.

Our fellow townsman, Joe Brucks,
holds the fisherman's record for this
season for size of his catch, having
landed a 57-pound channel cat Tues-
day morning while fishing in the
Guadalupe river near Waring.

Mr. Brucks, in company with two
friends, Claude Bailey of Cement-
ville, near San Antonio, and Harry
Hill of Waring, was fishing in the
Guadalupe. He baited a set hook
with a live perch and tied the line
to a swinging limb of a pecan tree
which extended out over the water.

The fish put up a game fight,
swimming to and fro up and down
the stream as far as the line would
reach and tugging at it with all his
might. The limb would swing back
and forth but the hook and line held.
The hook and line were of moderate
size but evidently very strong.

Mr. Brucks in a boat tried for 45
minutes to land the fish. He was
giving up all hope of succeeding
when Mr. Hill came to his help and
after twenty minutes more of struggle
the prize was brought to shore.

Mud cats of such size are not un-
common in deep water, but a channel
cat of such proportions is rare, and
Mr. Brucks and his friends have cause
to be proud of their catch.

FINDS BLACK WIDOW SPIDER.

While working among her gerani-
ums one day this week, Mrs. Willie
H. Eckhart found and killed a black
widow spider, one of those black,
slick balls of venom that, at first
glance, looks like a small black
marble, with a reddish yellow
mark across its back. These
spiders frequent damp, mouldy
places and hence under the deep
foliage of the geraniums where the
plants are frequently watered is a
favorite breeding place for them.

When Mrs. Eckhart called Mr. Eck-
hart's attention to her find, he went
and made a closer search and found
another among the flowers. This one
he caught and fastened in a bottle.
It began immediately spinning a ball
and by Thursday morning a swarm
of young "widows" had hatched out,
almost lining the inside of the bot-
tle. This shows them to be prolific,
and Mr. Eckhart thinks it wise for
ladies who work with flowers to be
warned against danger from bites by
these venomous creatures.

RELIEF WORK PLANS BEING
PUSHED.

Capt. R. W. Speece, County Engi-
neer for Medina County, returned
yesterday evening from Uvalde
where he had been for the past sev-
eral days, helping the District W. P.
A. line up the relief work program
for the district and looking after Me-
dina County's projects.

Captain Speece reports having se-
cured district approval for a large
amount of road and flood-control
work which will call for the expendi-
ture of a large sum of money in Me-
dina County and will give employ-
ment to a considerable number of
men.

The projects now await approval
only by the State Board and the work
will be ready for those eligible to
employment, according to Mr. Speece,
who aside from drawing up the
plans has put in some very effective
work in securing District approval of
the projects.

QUIHI NOTES.

For I know him, that he will com-
mand his children and his household
after him, and they shall keep the
way of the Lord, to do justice and
judgment, that the Lord may bring
upon Abraham that which he has
spoken of him. Gen. 18:19.

Keeping the way of the Lord by
doing good and right (literally) and
the fulfillment of promises goes hand
in hand. Conscious and intentional
disobedience to God frustrates His
intentions of grace and kindness.
Looking into the numerous house-
holds of our days, of how many can
the Lord make the same statement?
What part has "the way of the Lord"
in the educational program of our
homes today? Have we found bet-
ter ways? Or do our schools supple-
ment what the home possibly has for-
gotten? What is considered funda-
mental, what secondary? Can the
grade promotions or the university
degrees alone satisfy the standards
of the Lord, satisfy the ultimate de-
mands of our soul? Can the church
with her ministrations lay the founda-
tion when the home has failed to
function during that particularly im-
pressionable period of life, child-
hood? Does not a field of stunted
growth show its "earmarks" to the
very day of harvest? "To do justice
and (right) judgment," does this not
accentuate the vital purpose of re-
ligion as "the way of the Lord" over
against the way of man who in this
chauvinistic nationalistic age tries to
make religion pose as the soul of the
nation, the national ideal or the
source of municipal power and politi-
cal control, or the springboard for
local idiosyncrasies, petty attempts
for clan-leadership? Back to the
fundamentals is the way out.

"Happy days are here again,"
school days, but in many instances
only the parents chime the melody; the
pupils will chime in a little when they
have caught the importance of the
new schedule and the good intention
of their teachers. Appreciative co-
operation between home and school
is quite imperative. It will ease the
work and help secure the best results.
Let's help along, day by day, and, as
Christian parents, invoke the bless-
ings from above for teachers and pu-
pils. These blessings are not mere
trimmings, but essentials in the
work, in mind and motive, in methods
and management.

Little Vernelle Wiemers and Mrs.
Emil Lindeburg were spending a
while in the Medina Hospital, the
former for a minor operation, the
latter for a brief rest period. The
going in is usually rather involuntary,
but the going home so much the
brighter. Also in these cases. We
are thankful with the patients.

ST. PAUL'S LUTHERAN CHURCH.

"But grew in the grace and knowl-
edge of our Lord and Savior Jesus
Christ." 2 Peter 3, 18.

The Christian life is a state of
growth. It takes time to build Chris-
tian character, to train mind and
emotion and will to correspond to
God's and to become well-pleasing in
His service. A squash can be grown
in 8 weeks, but it takes a hundred
years to make an oak tree.

"Are you a Christian?" was a
question asked a man who gave the
answer: "Not yet, but I hope that
I am becoming one." The Christian,
like Paul, must say: "I count not my-
self yet to have laid hold; but one
thing I do . . . I press on toward the
goal unto the prize of the high call-
ing of God in Christ Jesus." The
Christian is in a constant state of be-
coming—of growing.

To this end we have our regular
church services, our educational ac-
tivities in religious fields, our Chris-
tian literature, books and publica-
tions, church papers and devotional
material for family and private devo-
tion. They aid us in the spiri-
tual growth, to grow in grace and
divine knowledge. Lord, evermore
feed us with Thy Word of Life to
nurture our souls!

Sunday, September 8, German ser-
vices 10:00 A. M. Sunday school
will be held beginning at 8:30.

RAIN.

The showers that have been visit-
ing various localities lately at last
reached Hondo.

A light shower fell Tuesday after-
noon. This was followed by a heavier
one Thursday morning. Another
came in the early part of Thursday
night, and as we hurry to press Fri-
day morning it has been raining slow-
ly but steadily for quite some time.

A good oat planting season seems
practically assured as we write this.
So note it be!

HONDO SCHOOL ADDS VOCA-
TIONAL COURSE.

Clifford Sadler, a graduate of the
Devine High School in the class of
1931, then entered Texas College of
Arts and Industries, where he was an
outstanding athlete and student in
agriculture and received his B. S. de-
gree in August, 1934. He has re-
cently been elected to teach agricul-
ture in the Hondo school system.
Supt. J. G. Barry and the board of
trustees have secured a full time vo-
cational agricultural department.
Sadler is the son of Mr. and Mrs. H.
C. Sadler of Shattell.

PROWLER LEAVES HIS HAT.

Excited barking of his yard dogs
about 11:30 P. M. on Wednesday
night of last week attracted Mr. D.
G. Reitzer and when he went to in-
vestigate, he found them near his
watering trough but just outside the
lot in the road where they appar-
ently had something bayed. At first
glance, Mr. Reitzer took it to be a
small animal, like an o'possum or an
armadillo, but on closer investigation
he found it to be a man's hat. When
he picked it up, the pack took a trail
and followed it for some distance
east until he called them off.

The next morning the tracks of a
number eight shoe were found in the
lot and in the road where the man
had run off towards the east. The
same track was found going west
down the road, as if he had retraced
his steps after the excitement of the
chase was over.

Mr. Reitzer could miss nothing
from about the premises and is at a
loss to understand what the prowler's
intentions were. The hat was a well-
worn palm-leaf, such as is commonly
worn by men working in the fields.
It had a bookin stuck in the band and
a long strand of coarse thread wrapped
around it, and several matches
were securely fastened to the crown
of the hat by being slipped between
the meshes of the straw. When pick-
ed up the hat was soaking wet, as if
it had been dipped in the watering
trough.

Being News, Views and Reviews

By the
MANAGING EDITOR.

It has become almost a habit for
people to "rag" our legislature for
many seemingly foolish actions. But
the legislature that will convene at
Austin on September 16th has been
handed a job that should enlist our
sympathy for those who must wrestle
with it. It is enough to give the
bravest pause to have to tackle the
job of straightening out the prohibi-
tion mess alone—when the first thing
it must do is to determine when a
saloon is not an "open" saloon and
at the same time not a "blind tiger".
Texas will be fortunate indeed if in
their dilemma they do not turn their
liquor business over to a monopoly
of politicians and the distillery trust
via the state dispensary route. Then
comes the puzzle of how to enable a
state already in the red for a ten mil-
lion dollar deficit, and thousands of
its tax-payers delinquent for several
million dollars of unpaid taxes, to
raise from a "busted" populace some
forty million dollars to pay the old
age pension. But worst of all is the
job the voters handed them on Aug-
ust 24th requiring them to pass en-
abling acts for amendments that sap
the time-honored right of trial by
jury from two sides—the one em-
powering a judge to commit a sus-
pect to the insane asylum without a
trial before a "jury of his peers" and
the other empowering a judge to
place a culprit on "probation" re-
gardless of the finding of the jury.
Is it too much to hope the ghosts of
the patriots of Runnimeade may rise
from the dust of the centuries and
stay the hand that would thus throw
away our long cherished and blood-
bought liberties? The legislature
has our sympathy in the work it must
undertake; let us hope our state will
not need it the more when they have
done!

JOE E. BROWN ON COLONIAL SCREEN.

Joe E. Brown, Warner Bros. comic, will be seen at the Colonial Theatre Monday and Tuesday in "6-Day Bike Rider", comedy of thrills, spills and speed, of the famed six-day bicycle races. Another comedian, Frank McHugh, is Brown's partner in the big race. The romantic interest is Maxine Doyle.

Small town station agent Brown is an ardent cyclist and the "financier" of Miss Doyle. To the town comes Gordon Westcott, trick cyclist at the local theatre, who loses no time in appropriating the attention of Miss Doyle, much to Brown's chagrin. As a bumpkin who thinks he is quite a lad, Brown is highly entertaining. When his girl, annoyed by his conceit, turns him down, he leaves town, running into McHugh en route. McHugh has the same intention as he, entering the big race and they become partners. After numerous difficulties Brown finally enters the big race. Through an accident, however, an ether-saturated cloth is caught in his rear wheel. As he speeds about the track, he nearly renders unconscious all the other riders, and then himself.

Mrs. Fletcher Davis and daughters, Misses Anne and Lucy Davis, returned last Thursday evening from a week's visit with Mr. and Mrs. F. M. Davis and sons in Paris, Texas. They also enjoyed a week-end trip through the Ouachita National Forest and the Kiamichi Mountains in Oklahoma. In Heavener, Oklahoma, they paid a brief visit to relatives of Mr. Davis. Before returning home they spent two days as guests of friends in a private lodge on Club Lake near Greenville, Texas.

SOFTBALL

SINCLAIR DINOSAURS SOFTBALL CHAMPS OF FIRST HALF.

N. C. Johnson's Sinclair Dinosaurs became champions of the first half of the softball league as a result of their two straight victories over the Plaza Cafe Rustlers in the play-off Monday night.

The Dinosaurs won the first game by the narrow margin of 8 to 7. Both teams played good ball and it was anybody's game until the last out, the Rustlers having the tying run on base in their last time at bat, but a long running catch of fly ball by John Finger ended the game, with a one run margin for the Dinosaurs.

The second game was also nip and tuck until the last inning, with the score tied and two men out, Schweers hit a home run scoring three men ahead of him to give the Dinosaurs a thirteen to eight decision over the Rustlers.

Batteries: for the Dinosaurs, Roy Schweers, Grant and B. Breiten, for the Rustlers, Lamb and Taylor.

DEVINE NEWSLETS

From The Devine News.

A big lot of broomcorn is reaching Devine on trucks. Some of these trucks carry 15 to 20 bales. Some of it sold and other is being stored. Buyers are getting enough truck hauled stuff to meet their demands and the prices remain low. Whether it will go up or not later depends upon the Kansas and Oklahoma crops. Perhaps one-half of the crop here has never been put on the market. Around 60 cars have been shipped from the Devine sheds. Devine buyers have handled around 150 cars.

Mr. and Mrs. Kenneth McCalla and two little sons of Houston are visiting her people here. She was Miss Tommie Harris. McCalla has been representing his district in the legislature, we believe, and is prominently connected with one of the large papers in Houston.

FROM YANCEY.

Mr. and Mrs. Malcom Banks of San Antonio arrived Sunday for a short visit to Rev. Banks and family. While the former are here they are expecting Prof. Buford Banks and wife, and Mrs. Mildred Lewis of Hondo to arrive to complete the family circle at the parsonage.

Mr. J. G. Weekley and family slipped off to spend the week-end with relatives at Smiley. They were accompanied by Miss Ellen Wilson.

Mr. Joe Burgin and family spent Sunday at Utopia at the ranch with their son, Manfred.

Mr. Claude Burgin, who is a State bee inspector, was at home Sunday, and "hook" was to have come in but must have failed to make proper connection, as he failed to come from A. & M. College.

Miss Dorothy Pope of Houston left last Sunday, after several months' visit to her sister, Mrs. Bill Faeiler.

W. N. (Bill) Burgin arrived home from Caripito, Venezuela, last Sunday after an absence of nine years, traveling on Pan-American 32-passenger plane from Port of Spain to Miami, Fla. and from there on the train. He intends to spend his vacation visiting here in the states with relatives, and will probably be here until Oct. 15.

Mr. Henry Kueck arrived home on Sunday from Mexico where he has been for several months putting in cotton gins.

Prof. C. F. Staben and family left last week for a visit to relatives in Oklahoma. On their return trip they will leave their daughter, Miss Anna Mae, at Keene, where she will enter Junior College.

Mr. Poik Childress and family of Overton arrived Monday for a visit with homefolks.

Milton Burgin and family spent the week-end with their mother and also with Mrs. Weathers and family at Pearsall.

Prof. A. A. Skinner spent last week at Kingsville attending a meeting in the interest of the Agricultural Department of the school.

Mrs. George Muenink and son, F. G., of Hondo were at the home of her sister, Mrs. H. N. Burgin, a short time. They met Bill Burgin at the bus station and all came to Yancey.

FREE MOVIE AT COLONIAL THEATRE, HONDO.

Two hours of excellent entertainment, headed by a full-length talking picture played by well known figures of the talkies and speaking stage will be presented free to the public Wednesday night, Sept. 11th. The showing, sponsored by Breiten Garage of Hondo and J. F. Kimmerly of D'Hanis, dealers for The B. F. Goodrich Company, will be staged at the Colonial Theatre. Hours of performance will be at 7:15 and 8:45.

Topping the free show, for which tickets are now being distributed by the sponsors, will be a smashing big-time drama, "The Highway Patrol" depicting the part these modern vigilantes of the road play in suppressing crime and preventing accidents. A gripping love story is intertwined in the drama, together with a generous measure of comedy relief, which relieves the tension of the audience at spots where the picture's action reaches some high climaxes.

In addition, Harry Langdon will be starred in a regular feature comedy "Love, Honor and Obey-the-Law". An interesting newsreel, containing one of the most unusual "stop motion" spectacles ever filmed complete the show.

In connection with the comedy the sponsors are staging a unique contest, with valuable merchandise as prizes. During the course of the comedy, Harry Langdon, the star, violates 12 to 17 traffic regulations. Blanks will be distributed listing 32 traffic rules and the person or persons who sees the greatest number of violations in the film will be awarded for powers of observation and knowledge of traffic regulations.

List of the prize winners will be announced as soon after the show as possible. Prizes are now being displayed in the storerooms of the show's sponsors.

SABINAL YOUNG PEOPLE TO ENTERTAIN BLUE BONNET UNION.

The young people of the Blue Bonnet Union of the Uvalde District will hold their quarterly meeting at the Methodist church in Sabinal this week-end, September 7th and 8th. This union comprises the young people of the Methodist churches in Uvalde, Knippa, Sabinal, Utopia, Hondo, Yancey, and New Fountain, and from 75 to 100 are expected to attend this meeting.

The program begins with a social Saturday evening, in the form of a "Farmer-Farmers" frolic, and will continue through Sunday afternoon. At the Sunday school hour Rev. H. D. Washington will have charge of a special class for young people. The 11 o'clock service will include the church congregation, and the message will be brought by Rev. Wood H. Patrick, of San Antonio, Educational Secretary of the West Texas Conference.

At 12:30 lunch will be served at the church to the young people; and at 2:00 the afternoon session will begin. Sabinal is to have charge of the devotional program at this time, with representatives of the other churches taking part. This will be followed by a business session and the election of officers for the ensuing year, in charge of the Union President, Marvin Muenink, of Yancey.

The topic for the afternoon devotional program, to be led by Sabinal, is "The Church". It is as follows:

Hymn, "I Love Thy Kingdom, Lord".

Prayer.

"The Authority of the Church"—New Fountain.

"The Church as a Saving Power"—Yancey.

Quartet—Sabinal.

"The Church as a Missionary Society"—Uvalde.

"The Church as a Social Center"—Hondo.

Special Music—Utopia.

"The Church and Her Young People"—Knippa.

Hymn, "Stand Up for Jesus".

ONE MINUTE SERMON.

And the Lord said unto Moses: Is the Lord's hand waxed short? thou shalt see now whether my word shall come to pass unto thee or not. Nu. 11:23.

Moses is in a quandary, engulfed in sullen doubt. Will the Lord provide sustenance, meat, for his ever hungry, ever dissatisfied, rebellious three millions out in the desert with no visible resources in view? Had he forgotten the miraculous past, the Lord's provisioning always in the nick of time? How often must that Lord prove that His hand has not waxed short, that his power is never curtailed? Our land, yea, the whole world is clamoring for another proof. Raucous voices tell us that we have arrived at a cul-de-sac, a blind alley that stops that billion-procession, the Utopian dreaming, the honeyed oratory, the cock-sure solution of all economic problems. It seems that our higher ups have been "boiling the thermometer instead of heating the house". That much paraded blue bird seems to reveal its true skeleton, the jigsaw puzzle. And the would-be rescuers in their Grass Roots convention embarked in a rambling declaration of grievances, raking the administration fore and aft, and not without cause, coming, admirable catch-phrases for the next campaign, but their vociferations are woefully lacking in constructive policies, in practical remedies. They have not lifted the besetting gloom, have not quelled the unproductive hysteria of the present impasse. Is the Lord also confounded by this confusion? How many of our leaders refuse to devise their measures under God's guidance? How many are lifting up prayerful hearts for the true enlightenment of those in charge of our issues? How many sit idly by and dare not trust the promises that provided for Moses and his flock? Prayerfully united we stand, divided, doing our national business without God, we—hang.

JOHN CROUCH BREAKS STATE RECORD AT TAAF MEET.

In the annual Texas Amateur Athletic Federation's state championship swimming and diving meet held Monday afternoon at San Pedro Park pool in San Antonio as part of the city-wide celebration of Labor Day, Hondo won fourth place, with John Russell Crouch, single entry, winning the honors. In addition to hanging up fourth place against the stiff competition of champions from much larger cities and towns, John Russell broke the state record in the 100-yard free-style for boys.

San Antonio swimmers captured first place in the meet with 83 points; Austin and Houston tied for second, each scoring 42 points with Fort Worth trailing next with 32. Others finished in the following order: Hondo, 10; Beaumont and Longview, 7; Dallas, 6; Taylor, 3 1-2; San Angelo, 2; Wharton, 1; and San Benito, 1-2.

Three other state records were won during the 21 events, in addition to that won by John Russell. They were: women's 50-yard breast-stroke, by Jane Dillard of Fort Worth; 200-yard free-style for boys, Bob Tarrion of Fort Worth; and men's fancy diving, Dudley Stewart of San Antonio. In the 100-yard free style for boys the new record set by Johnny is 1:00.3. The old record was 1:01.6, set by Dan Friedland, 1934. Other places in this race were won by Fort Worth, Austin and Dallas, which show there was some pretty stiff competition for our local boy.

The other event entered by John Russell and also won by him was the 50-yard free-style, in 26.2. Winners of second, third and fourth were Dallas, Austin and San Antonio.

John Crouch's swimming career has been followed with great interest by his hometown friends who congratulate him on his new honors.

John graduated from Hondo High School in 1934 and for the past year has been employed in Corpus Christi. He plans to enter Texas University this fall for his Freshman year.

The unfavorable year-to-year comparison in the textile industry of Texas continued through May, according to the Bureau of Business Research of The University of Texas. Reports from nineteen Texas cotton mills show a total consumption of only 2,686 bales of cotton during May, a decline of 19 per cent from the previous month and 58 per cent from May 1934. Production of cloth, 3,334,000 yards, was down 18.6 per cent from April and 49 per cent from last year; and sales, 3,777,000 yards were 5 per cent below those of May last year but 9.7 per cent above April of the current year. Unfilled orders on May 31 totaled 7,521,000 yards, declines of 4.8 per cent and 18.2 per cent respectively from the previous month and the similar month last year.

By washing dewberries before packing them, M. O. Prestidge, Midland county truck gardener, found a better market for his berries, according to Miss Myrtle Miller, home demonstration agent. Prestidge made a berry tray using a screen wire bottom. Water was then poured over the berries in the tray. As a convenience in packing, a trowel was used to crate the berries. The crop has found a ready market in Midland and surrounding towns.

A TRIBUTE TO WILL ROGERS AND WILEY POST

"Most tragic death of Rogers and Post"

Was the wire flashed from coast to coast.

In far off Alaska their airship crashed With rudely, their poor bodies mashed.

These two men, beloved and nationally known;

They both thousands of miles had flown.

Sky-riding had their lives inspired Their courage and daring, was by all admired.

Oh, sister state, Oklahoma, we envy you.

You claim these great Americans, 'tis true,

But our envy only spells admiration, For these staunch enthusiasts of aviation.

What they accomplished, was thru hard work.

Even self imposed duty they never shirked.

Their sterling character shone like a beacon light.

In all undertakings always aiming right.

Wiley's success in round-the-world hop;

Will go down in books, and be never forgot.

Even failure could not stop his trying.

He rested awhile, and again started flying.

And Will, with ever ready humorous wit.

Caused comment and laughter from little and big.

In Talkies, his action and voice all thrilled.

Theatre men knew, the house would be filled.

Whenever calamities anywhere occurred;

Messages of cheer from him would be heard.

To help the needy, many dollars he spent.

Practiced golden rule wherever he went.

The people in sorrow bow heads and pray,

The Lord's Holy Will be Done, yes, everyday.

He called them both to the other shore

They are waiting there—just gone before.

Clotilda Tschirhart Mechler. August 21st, 1935.

J. A. Blondin, Beaumont, outstanding Jersey cattle owner has recently been elected to membership in the American Jersey Cattle Club, the oldest national association of dairy cattle breeders. Announcement of his election is made from the headquarters office of the organization, New York, N. Y., by Lewis W. Morley, executive secretary. Membership in the Club is available to all breeders and owners of purebred Jersey cattle and the list of members is now the largest in the history of the organization, founded in 1868.

An increase of 40% in the number of transfers of ownership of purebred Jerseys and a 33% increase in the registrations of purebred Jerseys in the first six months of 1935 over the first six months of 1934 is announced by Mr. Morley. The totals of 11,585 Jerseys transferred and 24,802 Jerseys registered in the first six months of 1935, are the greatest for the first six months of any year since 1931, according to Mr. Morley. Jack Shelton of Luling, Texas, is president of the American Jersey Cattle Club and Charles F. Michael of Bucyrus, Ohio, is vice-president. Persons in many fields of activity are prominent in the membership. J. W. Ridgway of Ft. Worth, Texas, is one of the directors of the organization.

At a cost for materials of \$6.30, W. N. Griffin of Ebony in Mills county tanned three cow hides which he made into a set of wagon lines, two bridles, two sets of tugs, four hame strings, two belts, and had a supply of leather left, according to W. P. Weaver, county agricultural agent at Goldthwaite. The leather is a fair product, Weaver says, and Griffin probably could not have afforded the harness if he had not made it himself.

MARKET NEWS SERVICE.

Further recognition of the importance of the San Antonio public livestock market among the major markets of the United States was evidenced Monday by the announcement by E. W. Baker, Senior Marketing Specialist, Bureau of Agricultural Economics of the U. S. Department of Agriculture at Washington, D. C. The announcement, received by Jas. A. Gallagher, Jr., General Manager of the Union Stock Yards Company of San Antonio, was to the effect that Lance G. Hooks, Marketing Specialist of the Bureau's Chicago office, is being transferred to San Antonio to take charge of the Federal-State Market News Service office, effective September 9th.

The Federal-State Market News Service was removed from Austin to San Antonio in 1925, but until January 1st of this year, confined its activities to reporting fruits and vegetables. The 1st of January the office was moved to the Livestock Exchange Building, and livestock, meats and wool were added to the services, but although the San Antonio market and the producer of South and West Texas through the service, have had the benefit of receipts and quotations of the other major markets of the country, in the absence of a livestock marketing specialist, the San Antonio market did not go on the leased wire circuit.

Now, with Lance G. Hooks in charge, the San Antonio livestock market will be compiled by the Bureau Marketing Specialist, and will go on the leased wire circuit, and livestock reports similar to those issued by the Bureau at other major markets of the country will be released at San Antonio covering the San Antonio market.

Mr. Hooks, in addition to handling the livestock, meats and wool reports, will extend the same service as in the past covering fruits and vegetables, and will be assisted by Miss Helen Heckelman, who will continue as office assistant, and Chas. Martin, Telegrapher.

The Federal-State Market News Service is operated and financed by the Bureau of Agricultural Economics of the U. S. Department of Agriculture and the State Department of Agriculture in cooperation with the Union Stock Yards Co. of San Antonio.

The expansion of the service should be of invaluable benefit to producers of South and West Texas, the marketing agencies, and packers of this area, and will supplement the daily livestock reporting service to the country press that has been operated for the past two years by the Union Stock Yards Company in cooperation with the marketing agencies operating at the San Antonio market.

E. W. Baker, Senior Marketing Specialist, will accompany Mr. Hooks to San Antonio and spend some time in meeting the various members of the livestock and meat industry of this area, and in inaugurating the new service.

The equipment of the office has recently been supplemented by the addition of a new Simplex Teletype machine to facilitate the receiving and dissemination of market reports.

SAN ANTONIO LIVESTOCK. Monday, August 16th.

A DAY IN SUMMER.

In my garden of flowers I weed the day long,

Or sprinkle, or tie up a vine, Or, forgetting myself in a lark's happy song,

I impale a poor worm on a tine;

Or I rest in the shade of a peach tree in fruit,

All painted with splashes of red, As the winds fan my face and a whispered salute

Comes from the mignonette bed;

The insects play hide-and-go-seek with the flowers,

Till oncoming shadows obey The command of the sun, when the twilight hours

Bring an end to the sultry day.

For the losers, A. Knippa alone was able to do anything with the bat. His double and triple resulted in the only runs scored by Knippa. Sunday's win was the 11th in the past 13th games for the locals since May 28 when McNair took charge of the team which then stood fourth in standing.

Sunday's game established Sabinal in second place and gave them the right to meet the D'Hanis Pirates in the three-game league playoff, first game of which will be played next Sunday at D'Hanis.

LOCAL AND PERSONAL

Born to Mr. and Mrs. W. C. Dorsey of San Antonio, August 30, 1935, a 6-pound 7-ounce girl, at the Medina Hospital. Mrs. Dorsey was formerly Celestine Dawson, daughter of Mr. and Mrs. Joe Dawson of Hondo.

Mr. and Mrs. Thomas Koch took the excursion trip to Eagle Pass, Texas, and Piedras Negras, Mexico, on Labor Day, and while in Mexico witnessed a bull fight. On their return home Mr. and Mrs. Koch reported a very enjoyable trip.

Andrew Bless left several days ago for the Legion Hospital at Kerrville. Mr. Bless has been somewhat indisposed for the past several weeks and will be given a thorough diagnosis by the hospital physicians with a view to treatment that it is hoped will restore him to normal health.

Henry J. Boehle was here yesterday and informed us that the Gun Club is arranging for a grand Entrance Prize dance at its next monthly entertainment. We were sorry to see Mr. Boehle limping from a painful sprain which he suffered from stepping on a rolling rock while driving a goat the early part of the week.

Mrs. Fritz Leinweber and Mrs. Ben Oefinger and son, Benny, returned Sunday from a week's visit with Mr. and Mrs. Nuel Windrow and Mr. and Mrs. I. J. Hudson in Laredo. While there they enjoyed a visit into Mexico across the Rio Grande from Laredo. They were accompanied to Hondo by Miss Elyne Hudson of Laredo who will be Mrs. Oefinger's guest for several days.

A card from Mr. F. X. Wolff, mailed at Litcher, Louisiana, brings the information that he and Mrs. Wolff are on a trip with their daughter and son-in-law, Mr. and Mrs. R. E. Brignoe, visiting Mr. Brignoe's mother at Litcher. They have been through Baton Rouge and will see New Orleans before returning. Mr. Wolff says they are enjoying the trip, and find the rice fields and pine forests very interesting.

J. H. Waterhouse of Newton is convinced that it pays him to care for his 100 peach tree orchard, for there is a heavier set of fruit and the peaches are one-third larger where he fertilized his trees than where he did not, according to J. B. Dorman, county agricultural agent. Waterhouse sprayed his orchard in late winter with lime sulphur. At the suggestion of the county agricultural agent he also used two to three pounds of 6-12-6 fertilizer around most of his larger trees—those six years old and older. It is these trees that have the heavier set of fruit and the larger size of fruit.

The following names were called at the Colonial Theatre Tuesday night to receive the bank accounts to be awarded at that time: Jack Ebeling of Round Mountain, brother of Mrs. Max Wenmohs of Hondo, \$100.00; N. Wesley Cargile of Sabinal, \$100; Miss Annie Duncan of Devine, sister of Jim Duncan of Hondo, \$80. These three persons were not present and the accounts automatically increase to \$300. Next Tuesday night however, only \$100 will be drawn for. If no one claims the \$100 the first time then \$40.00 will be given away in four accounts of \$10 each, and will be drawn for until four persons receive them, announces Manager Jennings.

Food preservation is taking the lead in club work in Brazoria county now that canning season has begun, according to Miss Edith Giles, home demonstration agent. The following work has been reported for one month: 928 quarts leafy vegetables; 150 quarts fruit; 16 quarts hominy; 228 pints jelly and preserves; 203 1-2 quarts meat; 440 pounds lard; 73 pounds cheese; and 5 quarts pickles. Nine non-club members were helped, and one club added one cocker and two sealers.

Four inches of rain wet chiseled ground 16 to 20 inches deep on terraced land on the farm of J. L. Duggan, Hemphill county, while under-irrigated land in the same field with similar slope was wet only three to four inches deep. Mr. Duggan is now terracing the remaining part of his farm, according to H. M. Cantrell, county agricultural agent.

An average production of 25 eggs per hen per month has been reached for the second time this year by the flock of C. A. Luper of Dallas county. For the month of May, Luper's flock of 71 white leghorn pullets averaged 25.5 eggs each, while in March they averaged 25 eggs each. The flock is entirely composed of last year's pullets. The hens consumed an average of 4.7 pounds of mash and 3.4 pounds of grain each during the month and had access to green alfalfa all the time.

Perry L. Haskin, Jr., 4-H club boy from Calhoun county, reports that he has produced 5,000 pounds of Irish potatoes on one-half acre of land. His net profit is \$85.65 and he has a second crop of grain sorghums growing for his heifer calf. Perry says that he will plant one acre next year.

EGG prices are highest in fall and winter. Make the most of your opportunity. Feed the mash that will get lots of eggs—Purina Poultry Chows. This year they're enriched with PUR-A-TENE, the new vitamin A concentrate from fresh, green plants such as carrots and spinach. It helps keep up vigor. It helps keep hens laying heavily. Come in and get Purina Chows for your flock and make money this winter.

LAND A BIG ONE.

Our fellow townsman, Joe Brucks, holds the fisherman's record for this season for size of his catch, having landed a 57-pound channel cat Tuesday morning while fishing in the Guadalupe river near Waring.

Mr. Brucks, in company with two friends, Claude Bailey of Cementville, near San Antonio, and Harry Hill of Waring, was fishing in the Guadalupe. He baited a set hook with a live perch and tied the line to a swinging limb of a pecan tree which extended out over the water.

The fish put up a game fight, swimming to and fro up and down the stream as far as the line would reach and tugging at it with all his might. The limb would swing back and forth but the hook and line held. The hook and line were of moderate size but evidently very strong.

Mr. Brucks in a boat tried for 45 minutes to land the fish. He was giving up all hope of succeeding when Mr. Hill came to his help and after twenty minutes more of struggle the prize was brought to shore.

Mud cats of such size are not uncommon in deep water, but a channel cat of such proportions is rare, and Mr. Brucks and his friends have cause to be proud of their catch.

FINDS BLACK WIDOW SPIDER.

While working among her geraniums one day this week, Mrs. Willie H. Eckhart found and killed a black widow spider, one of those black, slick balls of venom that, at first glance, looks like a small black marble, with a reddish yellow mark across its back. These spiders frequent damp, mouldy places and hence under the deep foliage of the geraniums where the plants are frequently watered is a favorite breeding place for them.

When Mrs. Eckhart called Mr. Eckhart's attention to her find, he went and made a closer search and found another among the flowers. This one he caught and fastened in a bottle. It began immediately spinning a ball and by Thursday morning a swarm of young "widows" had hatched out, almost lining the inside of the bottle. This shows them to be prolific, and Mr. Eckhart thinks it wise for ladies who work with flowers to be warned against danger from bites by these venomous creatures.

RELIEF WORK PLANS BEING PUSHED. Capt. R. W. Speece, County Engineer for Medina County, returned yesterday evening from Uvalde where he had been for the past several days, helping the District W. P. A. line up the relief work program for the district and looking after Medina County's projects.

Captain Speece reports having secured district approval for a large amount of road and flood-control work which will call for the expenditure of a large sum of money in Medina County and will give employment to a considerable number of men.

The projects now await approval only by the State Board and the work will be ready for those eligible to employment, according to Mr. Speece, who aside from drawing up the plans has put in some very effective work in securing District approval of the projects.

INFANT SON DIES. The infant son of Mr. and Mrs. M. F. Phillips, born at 5:30 P. M. Wednesday, Sept. 4, in the Medina Hospital, passed away at 8 P. M. the same evening. The little body was laid to rest Thursday in Oakwood cemetery. Besides the bereaved parents a young brother survives, Mr. and Mrs. Phillips have made Hondo and Medina County their home for seven years and their many friends extend heartfelt sympathy to them in their great loss.

QUIHI NOTES.

For I know him, that he will command his children and his household after him, and they shall keep the way of the Lord, to do justice and judgment, that the Lord may bring upon Abraham that which he has spoken of him. Gen. 18:19.

Keeping the way of the Lord by doing good and right (literally) and the fulfillment of promises goes hand in hand. Conscious and intentional disobedience to God frustrates His intentions of grace and kindness. Looking into the numerous households of our days, of how many can the Lord make the same statement? What part has "the way of the Lord" in the educational program of our homes today? Have we found better ways? Or do our schools supplement what the home possibly has forgotten? What is considered fundamental, what secondary? Can the grade promotions or the university degrees alone satisfy the standards of the Lord, satisfy the ultimate demands of our soul? Can the church with her ministrations lay the foundation when the home has failed to function during that particularly impressionable period of life, childhood? Does not a field of stunted growth show its "earmarks" to the very day of harvest? "To do justice and (right) judgment," does this not accentuate the vital purpose of religion as "the way of the Lord" over against the way of man who in this chauvinistic nationalistic age tries to make religion pose as the soul of the nation, the national ideal or the source of municipal power and political control, or the springboard for local idiosyncrasies, petty attempts for clan-leadership? Back to the fundamentals is the way out.

"Happy days are here again," school days, but in many instances only the parents chime the melody; the pupils will chime in a little when they have caught the importance of the new schedule and the good intention of their teachers. Appreciative cooperation between home and school is quite imperative. It will ease the work and help secure the best results. Let's help along, day by day, and, as Christian parents, invoke the blessings from above for teachers and pupils. These blessings are not mere trimmings, but essentials in the work, in mind and motive, in methods and management.

Little Vernelle Wiemers and Mrs. Emil Lindeburg were spending a while in the Medina Hospital, the former for a minor operation, the latter for a brief rest period. The going in is usually rather involuntary, but the going home so much the brighter. Also in these cases. We are thankful with the patients.

A call meeting has been requested by the deacons for next Sunday after the morning service. Arrange to be present. The matter is important.

Announcements for next Sunday, September 8th: Confirmation Sunday. The morning service begins at 9:30 with the examination of the catechumens. No Sunday school. Holy Communion in connection with the evening service. Confessional service at 7:45 P. M. It's a great day. Let us appear with praise and thanksgiving.

ST. PAUL'S LUTHERAN CHURCH.

"But grew in the grace and knowledge of our Lord and Savior Jesus Christ." 2 Peter 3, 18.

The Christian life is a state of growth. It takes time to build Christian character, to train mind and emotion and will to correspond to God's and to become well-pleasing in His service. A squash can be grown in 8 weeks, but it takes a hundred years to make an oak tree.

"Are you a Christian?" was a question asked a man who gave the answer: "Not yet, but I hope that I am becoming one." The Christian, like Paul, must say: "I count not myself yet to have laid hold; but one thing I do. . . I press on toward the goal unto the prize of the high calling of God in Christ Jesus." The Christian is in a constant state of becoming—of growing.

To this end we have our regular church services, our educational activities in religious fields, our Christian literature, books and publications, church papers and devotional material for family and private devotion. They aid us in the spiritual growth, to grow in grace and divine knowledge. Lord, evermore feed us with Thy Word of Life to nurture our souls!

Sunday, September 8, German services 10:00 A. M. Sunday school will be held beginning at 8:30.

Sunday, Sept. 15, English service at 10:00 A. M. Service at Sprattville beginning at 2:30.

SUNBEAMS OF BAPTIST CHURCH

Mrs. Henry Windrow invited the Sunbeam mothers to come to her home last Thursday afternoon to a Sunbeam party.

The children were all dressed beautifully in Japanese costumes, each having an exhibit of things made in Japan, as that country was the study. A fine program was rendered by the children. A cake contest followed, which was much fun to the mothers. Lovely refreshments were served. A good time was enjoyed by all present.

RAIN.

The showers that have been visiting various localities lately at last reached Hondo.

A light shower fell Tuesday afternoon. This was followed by a heavier one Thursday morning. Another came in the early part of Thursday night, and as we hurry to press Friday morning it has been raining slowly but steadily for quite some time.

A good oat planting season seems practically assured as we write this. So mote it be!

PROWLER LEAVES HIS HAT.

Excited barking of his yard dogs about 11:30 P. M. on Wednesday night of last week attracted Mr. D. G. Reitzer and when he went to investigate, he found them near his watering trough but just outside the lot in the road where they apparently had something bayed. At first glance, Mr. Reitzer took it to be a small animal, like an opossum or an armadillo, but on closer investigation he found it to be a man's hat. When he picked it up, the pack took a trail and followed it for some distance east until he called them off.

The next morning the tracks of a number eight shoe were found in the lot and in the road where the man had run off towards the east. The same track was found going west down the road, as if he had retraced his steps after the excitement of the chase was over.

Mr. Reitzer could miss nothing from about the premises and is at a loss to understand what the prowler's intentions were. The hat was a well-worn palmetto, such as is commonly worn by men working in the fields. It had a bookin stuck in the band and a long strand of coarse thread wrapped around it, and several matches were securely fastened to the crown of the hat by being slipped between the meshes of the straw. When picked up the hat was soaking wet, as if it had been dipped in the watering trough.

MANAGING EDITOR.

It has become almost a habit for people to "rag" our legislature for many seemingly foolish actions. But the legislature that will convene at Austin on September 16th has been handed a job that should enlist our sympathy for those who must wrestle with it. It is enough to give the bravest pause to have to tackle the job of straightening out the prohibition mess alone—when the first thing it must do is to determine when a saloon is not an "open" saloon and at the same time not a "blind tiger". Texas will be fortunate indeed if in their dilemma they do not turn the liquor business over to a monopoly of politicians and the distillery trust via the state dispensary route. Then comes the puzzle of how to enable a state already in the red for a ten million dollar deficit, and thousands of its tax-payers delinquent for several million dollars of unpaid taxes, to raise from a "busted" populace some forty million dollars to pay the old age pension. But worst of all is the job the voters handed them on August 24th requiring them to pass enabling acts for amendments that sap the time-honored right of trial by jury from two sides—the one empowering a judge to commit a suspect to the insane asylum without a trial before a "jury of his peers" and the other empowering a judge to place a culprit on "probation" regardless of the finding of the jury. Is it too much to hope the ghosts of the patriots of Runnede may rise from the dust of the centuries and stay the hand that would thus throw away our long cherished and blood-bought liberties? The legislature has our sympathy in the work it must undertake; let us hope our state will not need it the more when they have done!

JOE E. BROWN ON COLONIAL SCREEN.

Joe E. Brown, Warner Bros. comic, will be seen at the Colonial Theatre Monday and Tuesday in "6-Day Bike Rider", comedy of thrills, spills and speed, of the famed six-day bicycle races. Another comedian, Frank McHugh, is Brown's partner in the big race. The romantic interest is Maxine Doyle.

Small town station agent Brown is an ardent cyclist and the "financier" of Miss Doyle. To the town comes Gordon Westcott, trick cyclist at the local theatre, who loses no time in appropriating the attention of Miss Doyle, much to Brown's chagrin. As a bumpkin who thinks he is quite a lad, Brown is highly entertaining.

When his girl, annoyed by his conceit, turns him down, he leaves town, running into McHugh en route. McHugh has the same intention as he, entering the big race and they become partners. After numerous difficulties Brown finally enters the big race. Through an accident, however, an ether-saturated cloth is caught in his rear wheel. As he speeds about the track, he nearly renders unconscious all the other riders, and then himself.

SOFTBALL

SINCLAIR DINOSAURS SOFTBALL CHAMPS OF FIRST HALF.

N. C. Johnson's Sinclair Dinosaurs became champions of the first half of the softball league as a result of their two straight victories over the Plaza Cafe Rustlers in the play-off Monday night.

The Dinosaurs won the first game by the narrow margin of 8 to 7. Both teams played good ball and it was anybody's game until the last out, the Rustlers having the tying run on base in their last time at bat, but a long running catch of fly ball by John Finger ended the game, with a one run margin for the Dinosaurs.

The second game was also nip and tuck until the last inning, with the score tied and two men out, Schweers hit a home run scoring three men ahead of him to give the Dinosaurs a thirteen to eight decision over the Rustlers.

DEVINE NEWSLETS

From The Devine News.

A big lot of broomcorn is reaching Devine on trucks. Some of these trucks carry 15 to 20 bales. Some of the other is being stored. Buyers are getting enough truck hauled to meet their demands and the prices remain low. Whether it will go up or not later depends upon the Kansas and Oklahoma crops. Perhaps one-half of the crop here has never been put on the market. Around 60 bales have been shipped from the Devine sheds. Devine buyers have handled around 150 cars.

Mr. and Mrs. Kenneth McCalla and two little sons of Houston are visiting here. She was Miss Tommie Harris. McCalla has been representing his district in the legislature, we believe, and is prominently connected with one of the large papers in Houston.

FROM YANCEY.

Mr. and Mrs. Malcom Banks of San Antonio arrived Sunday for a short visit to Rev. Banks and family. While the former are here they are expecting Prof. Buford Banks and wife, and Mrs. Mildred Lewis of Runge to arrive to complete the family circle at the parsonage.

Mr. Joe Burgin and family spent Sunday at Utopia at the ranch with their son, Manfred.

Mr. Claude Burgin, who is a State bee inspector, was at home Sunday, and "Hook" was to have come in but must have failed to make proper connection, as he failed to come from A. & M. College.

Miss Dorothy Pope of Houston left last Sunday, after several months' visit to her sister, Mrs. Bill Faeaser.

W. N. (Bill) Burgin arrived home from Caripito, Venezuela, last Sunday after an absence of nine years, traveling on Pan-American 32-passenger plane from Port of Spain to Miami, Fla. and from there on the train. He intends to spend his vacation visiting here in the states with relatives, and will probably be here until Oct. 15.

Mr. Henry Kueck arrived home on Sunday from Mexico where he has been for several months putting in cotton gins.

Prof. C. F. Staben and family left last week for a visit to relatives in Oklahoma. On their return trip they will leave their daughter, Miss Anna Mae, at Keene, where she will enter Junior College.

Mr. Polk Childress and family of Overton arrived Monday for a visit with homefolks.

Milton Burgin and family spent the week-end with their mother and also with Mrs. Weathers and family at Fearsall.

Prof. A. A. Skinner spent last week at Kingsville attending a meeting in the interest of the Agricultural Department of the school.

Mrs. George Muenink and son, F. G., of Hondo were at the home of her sister, Mrs. H. N. Burgin, a short time. They met Bill Burgin at the bus station and all came to Yancey.

FREE MOVIE AT COLONIAL THEATRE, HONDO.

Two hours of excellent entertainment, headed by a full-length talking picture played by well known figures of the talkies and speaking stage will be presented free to the public Wednesday night, Sept. 11th. The showing, sponsored by Breiten Garage of Hondo and J. F. Kimmerly of D'Annis, dealers for The B. F. Goodrich Company, will be staged at the Colonial Theatre. Hours of performance will be at 7:15 and 8:45.

Topping the free show, for which tickets are now being distributed by the sponsors, will be a smashing big-time drama, "The Highway Patrol" depicting the part these modern vigilantes of the road play in suppressing crime and preventing accidents. A gripping love story is intertwined in the drama, together with a generous measure of comedy relief, which relieves the tension of the audience at spots where the picture's action reaches some high climaxes.

In addition, Harry Langdon will be starred in a regular feature comedy "Love, Honor and Obey the Law". An interesting newsreel, containing one of the most unusual "stop motion" spectacles ever filmed complete the show.

In connection with the comedy the sponsors are staging a unique contest, with valuable merchandise as prizes. During the course of the comedy, Harry Langdon, the star, violates 12 to 17 traffic regulations. Blanks will be distributed listing 32 traffic rules and the person or persons who sees the greatest number of violations in the film will be awarded for powers of observation and knowledge of traffic regulations. List of the prize winners will be announced as soon after the show as possible. Prizes are now being displayed in the storerooms of the show's sponsors.

SABINAL YOUNG PEOPLE TO ENTERTAIN BLUE BONNET UNION.

The young people of the Blue Bonnet Union of the Uvalde District will hold their quarterly meeting at the Methodist church in Sabinal this week-end, September 7th and 8th. This union comprises the young people of the Methodist churches in Uvalde, Knippa, Sabinal, Utopia, Hondo, Yancey, and New Fountain, and from 75 to 100 are expected to attend this meeting.

The program begins with a social Saturday evening, in the form of a "Farmer-Farmers" frolic, and will continue through Sunday afternoon. At the Sunday school hour Rev. H. D. Washington will have charge of a special class for young people. The 11 o'clock service will include the church congregation, and the message will be brought by Rev. Wood H. Patrick, of San Antonio, Educational Secretary of the West Texas Conference.

At 12:30 lunch will be served at the church to the young people; and at 2:00 the afternoon session will begin. Sabinal is to have charge of the devotional program at this time, with representatives of the other churches taking part. This will be followed by a business session and the election of officers for the ensuing year, in charge of the Union President, Marvin Muenink, of Yancey.

The topic for the afternoon devotional program, to be led by Sabinal, is "The Church". It is as follows:

Hymn, "I Love Thy Kingdom, Lord".
Prayer.
"The Authority of the Church"—New Fountain.
"The Church as a Saving Power"—Yancey.
Quartet—"Sabinal".
"The Church as a Missionary Society"—Uvalde.
"The Church as a Social Center"—Hondo.
Special Music—Utopia.
"The Church and Her Young People"—Knippa.
Hymn, "Stand Up for Jesus".

ONE MINUTE SERMON.

And the Lord said unto Moses: Is the Lord's hand waxed short? thou shalt see now whether my word shall come to pass unto thee or not. Nu. 11:23.

Moses is in a quandary, engulfed in sudden doubt. Will the Lord provide sustenance, meat, for his ever hungry, ever dissatisfied, rebellious three millions out in the desert with no visible resources in view? Had he forgotten the miraculous past, the Lord's provisioning always in the nick of time? How often those lessons sink in! How often must that Lord prove that His hand has not waxed short, that His power is never curtailed? Our land, yea, the whole world is clamoring for another proof. Raucous voices tell us that we have arrived at a cul-de-sac, a blind alley that stops that billion-procession, the Utopian dreaming, the honeyed oratory, the cock-sure solution of all economic problems. It seems that our higher ups have been "boiling the thermometer instead of heating the house". That much paraded blue bird seems to reveal its true skeleton, the jigsaw puzzle. And the would-be rescuers in their Grass Roots convention embarked in a rambling declaration of grievances, raking the administration fore and aft, and not without cause, coining admirable catch-phrases for the next campaign, but their vociferations are woefully lacking in constructive policies, in practical remedies. They have not lifted the besetting gloom, have not quelled the unproductive hysteria of the present impasse. Is the Lord also confounded by this confusion? How many of our leaders refuse to devise their measures under God's guidance? How many are lifting up prayerful hearts for the true enlightenment of those in charge of our issues? How many sit idly by and dare not trust the promises that provided for Moses and his flock? Prayerfully united we stand, divided, doing our national business without God, we—hang. —C. W.

JOHN CROUCH BREAKS STATE RECORD AT TAAF MEET.

In the annual Texas Amateur Athletic Federation's state championship swimming and diving meet held Monday afternoon at San Pedro Park pool in San Antonio as part of the city-wide celebration of Labor Day, Hondo won fourth place, with John Russell Crouch, single entry, winning the honors. In addition to hanging up fourth place against the stiff competition of champions from much larger cities and towns, John Russell broke the state record in the 100-yard free-style for boys.

San Antonio swimmers captured first place in the meet with 83 points; Austin and Houston tied for second, each scoring 42 points with Fort Worth trailing next with 32. Others finished in the following order: Hondo, 10; Beaumont and Longview, 7; Dallas, 6; Taylor, 3 1-2; San Angelo, 2; Wharton, 1; and San Benito, 1-2.

Three other state records were won during the 21 events, in addition to that won by John Russell. They were: women's 50-yard breast-stroke, by Jane Billard of Fort Worth; 200-yard free-style for boys, Bob Tarity of Fort Worth; and men's fancy diving, Dudley Stewart of San Antonio. In the 100-yard free style for boys the new record set by Johnny is 1:00.3. The old record was 1:01.6, set by Dan Friedland, 1934. Other places in this race were won by Fort Worth, Austin and Dallas, which show there was some pretty stiff competition for our local boy.

The other event entered by John Russell and also won by him was the 50-yard free-style, in 26.2. Winners of second, third and fourth were Dallas, Austin and San Antonio.

John Crouch's swimming career has been followed with great interest by his hometown friends who congratulate him on his new honors.

John graduated from Hondo High School in 1934 and for the past year has been employed in Corpus Christi. He plans to enter Texas University this fall for his Freshman year.

The unfavorable year-to-year comparison in the textile industry of Texas continued through May, according to the Bureau of Business Research of The University of Texas. Reports from nineteen Texas cotton mills show a total consumption of only 2,686 bales of cotton during May, a decline of 19 per cent from the previous month and 58 per cent from May 1934. Production of cloth, 3,334,000 yards, was down 18.6 per cent last year; and sales, 3,777,000 yards were 5 per cent below those of May last year but 9.7 per cent above April of the current year. Unfilled orders on May 31 totalled 7,521,000 yards, declines of 4.8 per cent and 18.2 per cent respectively from the previous month and the similar month last year.

By washing dewberries before packing them, M. O. Prestidge, Midland county truck gardener, found a better market for his berries, according to Miss Myrtle Miller, home demonstration agent. Prestidge made a berry tray using a screen wire bottom. Water was then poured over the berries in the tray. As a convenience in packing, a trowel was used to crate the berries. The crop has found a ready market in Midland and surrounding towns.

A TRIBUTE TO WILL ROGERS AND WILEY POST

"Most tragic death of Rogers and Post"

Was the wire flashed from coast to coast. In far off Alaska their airship crashed. With rudely, their poor bodies mashed.

These two men, beloved and nationally known; They both thousands of miles had flown.

Sky-riding had their lives inspired. Their courage and daring, was by all admired.

Oh, sister state, Oklahoma, we envy you.

You claim these great Americans, 'tis true, But our envy only spells admiration, For these staunch enthusiasts of aviation.

What they accomplished, was thru hard work. Even self imposed duty they never shirked.

Their sterling character shone like a beacon light. In all undertakings always aiming right.

Wiley's success in round-the-world hop; Will go down in books, and be never forgot.

Even failure could not stop his trying. He rested awhile, and again started flying.

And Will, with ever ready humorous wit. Caused comment and laughter from little and big.

In Talkies, his action and voice all thrilled. Theatre men knew, the house would be filled.

Whenever calamities anywhere occurred; Messages of cheer from him would be heard.

To help the needy, many dollars he spent. Practiced golden rule wherever he went.

The people in sorrow bow heads and pray, The Lord's Holy Will be Done, yes, everyday.

He called them both to the other shore. They are waiting there—just gone before.

Clotilda Tschirhart Mechler, August 21st, 1935.

J. A. Blondin, Beaumont, outstanding Jersey cattle owner has recently been elected to membership in the American Jersey Cattle Club, the oldest national association of dairy cattle breeders. Announcement of his election is made from the headquarters office of the organization, New York, N. Y., by Lewis W. Morley, executive secretary. Membership in the Club is available to all breeders and owners of purebred Jersey cattle and the list of members is now the largest in the history of the organization, founded in 1868. An increase of 40% in the number of transfers of ownership of purebred Jerseys and a 33% increase in the registrations of purebred Jerseys in the first six months of 1935 over the first six months of 1934 is announced by Mr. Morley. The totals of 11,585 Jerseys transferred and 24,802 Jerseys registered in the first six months of 1935, are the greatest for the first six months of any year since 1931, according to Mr. Morley. Jack Shelton of Luling, Texas, is president of the American Jersey Cattle Club and Charles F. Michael of Bucyrus, Ohio, is vice-president. Persons in many fields of activity are prominent in the membership. J. W. Ridgway of Ft. Worth, Texas, is one of the directors of the organization.

At a cost for materials of \$6.30, W. N. Griffin of Ebony in Mills county tanned three cow hides which he made into a set of wagon lines, two bridles, two sets of tugs, four hame strings, two belts, and had a supply of leather left, according to W. P. Weaver, county agricultural agent at Goldthwaite. The leather is a fair product, Weaver says, and Griffin probably could not have afforded the harness if he had not made it himself.

MARKET NEWS SERVICE.

Further recognition of the importance of the San Antonio public livestock market among the major markets of the United States was evidenced Monday by the announcement by E. W. Baker, Senior Marketing Specialist, Bureau of Agricultural Economics of the U. S. Department of Agriculture at Washington, D. C. The announcement, received by Jas. A. Gallagher, Jr., General Manager of the Union Stock Yards Company of San Antonio, was to the effect that Lance G. Hooks, Marketing Specialist of the Bureau's Chicago office, is being transferred to San Antonio to take charge of the Federal-State Market News Service office, effective September 9th.

The Federal-State Market News Service was removed from Austin to San Antonio in 1925, but until January 1st of this year, confined its activities to reporting fruits and vegetables. The 1st of January the office was moved to the Livestock Exchange Building, and livestock, meats and wool were added to the services, but although the San Antonio market and the producer of South and West Texas through the service, have had the benefit of receipts and quotations of the other major markets of the country, in the absence of a livestock marketing specialist, the San Antonio market did not go on the leased wire circuit.

Now, with Lance G. Hooks in charge, the San Antonio livestock market will be compiled by the Bureau Marketing Specialist, and will go on the leased wire circuit, and livestock reports similar to those issued by the Bureau at other major markets of the country will be released at San Antonio covering the San Antonio market.

Mr. Hooks, in addition to handling the livestock, meats and wool reports, will extend the same service as in the past covering fruits and vegetables, and will be assisted by Miss Helen Heckelman, who will continue as office assistant, and Chas. Martin, Telegrapher.

The Federal-State Market News Service is operated and financed by the Bureau of Agricultural Economics of the U. S. Department of Agriculture and the State Department of Agriculture in cooperation with the Union Stock Yards Co. of San Antonio.

The expansion of the service should be of invaluable benefit to producers of South and West Texas, the marketing agencies, and packers of this area, and will supplement the daily livestock reporting service to the country press that has been operated for the past two years by the Union Stock Yards Company in cooperation with the marketing agencies operating at the San Antonio market.

E. W. Baker, Senior Marketing Specialist, will accompany Mr. Hooks to San Antonio and spend some time in meeting the various members of the livestock and meat industry of this area, and in inaugurating the new service.

The equipment of the office has recently been supplemented by the addition of a new Simplex Teletype machine to facilitate the receiving and dissemination of market reports.

A DAY IN SUMMER.

In my garden of flowers I weed the day long, Or sprinkle, or tie up a vine, Or, forgetting myself in a lark's happy song, I impale a poor worm on a tine;

Or I rest in the shade of a peach tree in fruit, All painted with splashes of red, As the winds fan my face and a whispered salute Comes from the mignonette bed;

The insects play hide-and-go-seek with the flowers, Till oncoming shadows obey The command of the sun, when the twilight hours Bring an end to the sultry day.

Sabinal, Texas, Sept. 3.—The up-and-coming Hustlers of the Sabinal entry in the Highway 90 League proved their right to second place with a rousing 9-to-2 victory over the Knippa team Sunday before one of the largest crowds of the season.

Hunt proved effective except in two innings in which Sabinal worked all of the damage. In the fifth, seven hits produced six runs with the help of a couple of errors and a few fielding lapses. In the eighth, with two on and two out, McNair was given an intentional base on balls, but Thorn-

berry doubled to score three runs. Hunt retired 12 on strikeouts while Thornberry whiffed 10.

For the losers, A. Knippa alone was able to do anything with the bat. His double and triple resulted in the only runs scored by Knippa. Sunday's win was the 11th in the past 13th games for the locals since May 28 when McNair took charge of the team which then stood fourth in standing.

Sunday's game established Sabinal in second place and gave them the right to meet the D'Hanis Pirates in the three-game league playoff, first game of which will be played next Sunday at D'Hanis.

J. H. Waterhouse of Newton is convinced that it pays him to care for his 100 peach tree orchard, for there is a heavier set of fruit and the peaches are one-third larger where he did not, according to J. B. Dorman, county agricultural agent. Waterhouse sprayed his orchard in late winter with lime sulphur. At the suggestion of the county agricultural agent he also used two to three pounds of 6-12-6 fertilizer around most of his larger trees—those six years old and older. It is these trees that have the heavier set of fruit and the larger size of fruit.

The following names were called at the Colonial Theatre Tuesday night to receive the bank accounts to be awarded at that time: Jack Ebeling of Round Mountain, brother of Mrs. Max Wenmohs of Hondo, \$100.00; N. If no one claims the \$100 the first time then \$40.00 will be given away in four accounts of \$10 each, and will be drawn for until four persons receive them, announces Manager Jennings.

I looked up Satisfy and it says—

SAT-IS-FY. Something that pleases, gives satisfaction; something that just suits. For example, you are pleased with a dress. As applied to cigarettes, it means one that is MILD—that is not harsh or bitter; one that TASTES just right.
